Make a difference as an Alzheimer's Association Volunteer

In communities across the country, Alzheimer's disease is destroying our families, finances and our future. We need the help of volunteers - like you - to raise awareness of this devastating disease and connect those affected with tools and resources.

Volunteers are the fuel behind the care, support and research efforts of the Alzheimer's Association. Every day, those committed to our cause step up to become volunteers in our offices, at events and across communities, demonstrating the power we have when we join together. We want you to be a part of this movement, and work alongside millions of the others to achieve our vision of a world without Alzheimer's.

Pre-registration REQUIRED: (218)998-3603 or klund@alz.org
